**SECTION 5 – FIRE FIGHTING MEASURES**

**Suitable Extinguishing Media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Water Fog, CO<sub>2</sub>, Dry Chemical, Alcohol Resistant Foam.

**Special Hazards:** Carbon oxides

**Advice for firefighters:** Follow recommended procedures in handling fire areas. Wear fire-fighting equipment and self-contained breathing apparatus. If possible, move containers out of the fire area. Cool containers with water spray.

**Further Information:** Pressure may build inside the container.

**SECTION 6 – ACCIDENTAL RELEASE-MEASURES**

**Personal Precautions:** Use proper personal protective equipment including respirators, goggles, chemical resistant gloves, coveralls. Avoid breathing vapors, mist, or gas. Ensure adequate ventilation. Remove all sources of ignition. Evacuate all personnel to safe areas. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

**Environmental Precautions:** Prevent further leakage or spillage if safe to do so. Do not let product enter drains and waterways.

**Methods for clean-up:** Soak up with inert absorbent material such as sand or saw dust then place in chemical waste container.

**SECTION 7 – HANDLING AND STORAGE**

**Precautions for Safe Handling:** Use with adequate ventilation. Avoid breathing excess vapors and prevent contact with eyes, skin, and clothing.

**Conditions for Safe Storage:** Store in a cool, dry, well-ventilated area away from sources of heat, combustible materials, and incompatible substances. Keep container tightly closed.

**SECTION 8 – EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Engineering Controls:** Ensure adequate ventilation, especially in confined areas. When ventilation is insufficient to control airborne levels, equip personal protective equipment which meets the OSHA standards.

**Personal Protective Equipment**

**Eye/Face Protection:** Wear splash goggles or face shields which are approved by NIOSH.

**Skin Protection:** Handle with protective chemical resistant gloves.

**Respiratory Protection:** If air-purifying respirators are appropriate, use respirators and components tested and

approved by NIOSH.

**Hygiene Measures:** Avoid contact with skin, eyes, and clothing. Remove and wash contaminated clothing before re-use. Wash thoroughly after handling.
